

EXPAND YOUR ACCESS TO CARE WITH OUR NEW DENTAL NETWORK!

We're excited to announce that we've enhanced your dental plan with a new dental network. Through UniCare, we make it easy for you to make the most of your dental health benefits.

UniCare gives you access to:

- One of the largest provider networks in the nation
- Convenient locations and accessible dentists
- Quality and affordable care
- Personalized customer service
- Quick and efficient claims processing directly through Anthem

Accessing Emergency Dental Care

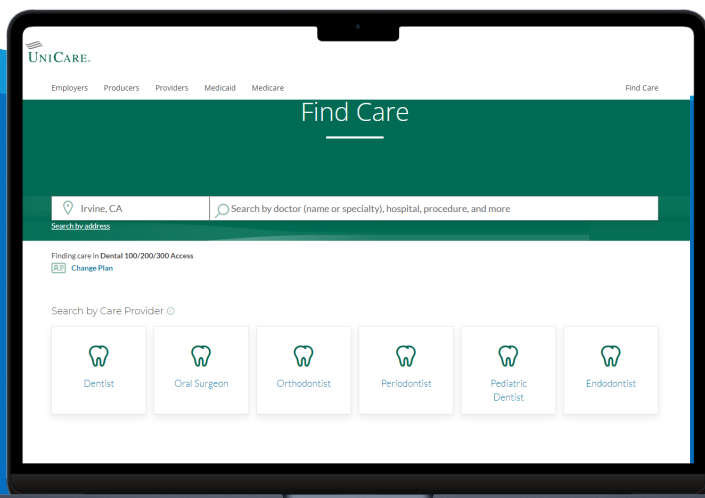

If you don't have a primary care dentist or they are not available, contact The TeleDentists® for a virtual dental visit. They offer secure video visits with board-certified dentists 24/7, 365 days a year through a computer, tablet, or smartphone. You can find a TeleDentist using the Find Care tool.

Getting An Estimate Before Treatment

An estimate for your care will give you an idea of what's covered under your plan and what you may have to pay. It's especially helpful if you are considering major procedures such as dentures, crowns, or gum disease treatment.
